**youShowcase** is the first free website dedicated to connecting unsigned artists to A&R, Management, and Booking Agents--with the objective of getting the artist's online press kit reviewed, and greater industry exposure.

With over 4,000 artist members, A&R, management, and booking agents in over 24 countries, youShowcase is changing the way artists and industry interact.

youShowcase provides the artist with the tools to develop an online press kit unlike any other site, and the mechanism for A&R members to review and respond back.

**Results**--more artist exposure, more A&R signings, more artist management deals, and more national shows for our artists. It's a win-win for the artist and the industry!

With over 10,000 visits, 60,000 page views, and 140,000 hits each month, youShowcase can get your message out to a diverse audience who are interested in your services.

Why not consider advertising on one of the fastest growing music sites on the internet. For banner sizes and rates please contact:
